RE92/20 - 1 - 260902

SAFETY WARNING

This product should not be used without a safety cable. In the event of the puller/clamp becoming detached from the vehicle bodywork when under tension a safety cable will minimise the risk of serious injury.

Pull Clamp Safety Cable (fig.1), Model Number RE92/SC, is available from your Sealey dealer.

After attaching the puller/clamp to the bodywork, but before applying any tension, one end of the safety cable should be clipped to the puller/clamp chain and the other end passed through the bodywork and then also clipped to the chain, as shown in fig. 2.

For a copy of our latest catalogue and promotions call us on 01284 757525 and leave your full name, address and postcode.
